A life of magic chemistry | George A. Olah |
An innovative scientist, George Olah is truly one of a kind, whose amazing research into extremely strong acids and their new chemistry yielded what is now commonly known as superacidic "magic acid chemistry. A Life of Magic Chemistry is an intimate look at the many journeys that George Olah has traveled—from his early research and teaching in Hungary, to his move to North America where, during his years in industry, he continued his study of the elusive cations of carbon, to his return to
